PROFESSIONAL EXPERIENCE & PROJECTS

Web Development Trainee (MERN Stack)

Aug 2024 – Apr 2025

JSpiders, Bangalore

- Developed full-stack web applications as part of structured training
- Implemented REST APIs, authentication, and CRUD operations

News Website (NKTV – Narmada Kiran News)

Duration | 2 Months

- Built a production-ready digital news platform for a real client using MERN stack.
- Developed complete CRUD flow for news, images, and videos using Cloudinary.
- Implemented admin-only authentication and role-based access control.
- Deployed backend on Render and frontend on Vercel.
- Technologies Used – MERN Stack (MongoDB, Express.js, React.js, Node.js)
- Live Demo - <https://nktv-news.vercel.app>**

Personal Developer Portfolio

Duration | 1 Month

- Developed a modern and responsive developer portfolio using Next.js, Tailwind CSS, and Framer Motion.
- Showcased projects, technical skills, certifications, and professional experience through an interactive user interface.
- Implemented smooth animations, responsive layouts, and optimized performance for enhanced user experience.
- Deployed the application for public access and personal branding.
- Technologies Used – Next.js, React.js, Tailwind CSS, Framer Motion
- Live Demo - <https://harshits0210.vercel.app>**

Sharma Printers Web Application

Duration | Ongoing

- Developing a modern business website for a printing and design service company using Next.js and Tailwind CSS.
- Building responsive pages to showcase printing services, products, business information, and customer contact options.
- Implementing modern UI/UX practices, performance optimization, and SEO-friendly architecture.
- Working on scalable and maintainable frontend structure for future feature expansion.
- Technologies Used – Next.js, React.js, Tailwind CSS
